Since Scott is out, I am not sure who will take the lead on responding to BLM. What are your thoughts, Carl? Does this need to go to OGC?

Thanks,

Suzanne

Charis,

Sorry for the delayed response as I misplaced this in my inbox and ran across it today in trying to make sure I was keeping up on emails that required my action.

Given the language in WAQSR Chapter 8, Section 3 (c)(iii)(D) "Actions which implement a decision to conduct or carry out a conforming program such as prescribed burning actions which are consistent with a conforming land management plan." it implies to me much more that following a prescribed burn management program as it specifically lists "a conforming land management plan". As such, I cannot say that following the State's Smoke Management Program is sufficient to say that prescribed burning actions are exempt.

I would suggest looking into what other BLM is doing elsewhere in respect to General Conformity for prescribed fire in nonattainment areas and then we can further discuss.
